

The background is a dark space filled with various celestial objects. At the top left, there is a blue star and a yellow comet streak. In the top right, there are two yellow stars of different sizes. A pink planet with a yellow ring is partially visible on the left side. A yellow crescent moon is in the bottom left. A blue star is in the bottom center. A yellow planet with a pink ring is in the bottom right. A small orange rocket with a purple nose cone and blue fins is flying towards the right, leaving a white trail. Several small pink and blue circles are scattered throughout the space.
